Subject: Armbands for policemen

We are forwarding armbands for policemen and Instructions for their distribution in units. Distribute the armbands of all colours (blue, yellow, red) according to the numbers reported.

In addition, we are forwarding the Instructions on armbands for policemen in April 1999, for every day separately. When using the armbands comply strictly with the details given in the Instructions. The armbands are to be worn as of 0001 hours on 15 April 1999. The armbands have to be distributed by this time as well as a sufficient number of Instructions on armbands (of which copies are to be made first) to all the units in keeping with the Distribution List. All uniformed policemen moving outside their premises (in the open) must wear armbands. Be extremely cautious with uniformed individuals without armbands because they may be terrorists in disguise infiltrated in settlements and sectors of deployment of the police and VJ /Yugoslav Army/ units.

Please note and bear in mind that VJ members do not have armbands.
