1. Enemy

In the course of the day our forces and MUP forces did not have any heavy exchange of fire with *balijas* /derogatory term for Bosnian Muslims/. MUP forces entered Potočari in the morning without combat. The positions for destruction of remaining groups is currently being established towards Sućeska and Ravni Buljim. We don't know at the moment the exact positions of our forces. A contact with Ejub GOLIĆ's group was established; we believe that a part of the group withdrew through Bokččin Potok towards Šiljkovići with intention to /?move/ via Kravica towards Udrč to Tuzla. Four (armed) Turks were captured on the Konjević Polje-Bratunac road.

2. UNPROFOR:

Did not offer resistance and did not fire at our forces; the Command and majority of the military hardware is still at the base in Potočari. The check-point in Blječeva also surrendered and later today they are coming to the barracks in Bratunac. UNPROFOR soldiers are assisting in loading women and children into the vehicles.

3. A refugee group of about 30,000 – 35,000 women, children, elderly, the infirm and the sick is located after beyond the UNPROFOR base towards Srebrenica, on the road and inside the facilities of the former factories. The security was established and the evacuation to Kladanj started. About 5,000 women and children were evacuated so far. We are separating men from 17 – 60 years of age and we are not transporting them. We have about 70 of them so far and the security organs and the DB /state security/ are working with them.
